# HILLARY FIGHTING TO KEEP MONICA OFF THE VIEW

**But Barbara Walters thinks Bill's mistress can SAVE SINKING SHOW**

Walters interviewed Lewinsky in 1999 and now wants her on *The View*, infuriating Hillary, say sources

**H**ILLARY CLINTON went nuts when she got wind of Barbara Walters' secret plan to hire Monica Lewinsky as a panelist on *The View*!

With Hillary prepping for her 2016 White House run, a source says the last thing she wants is for voters to be reminded every weekday of her husband Bill's embarrassing affair with the chubby White House intern.

"Hillary exploded when she heard the news," says a long-time family friend. "She raged that every time people see Monica on TV, they're going to be reminded of the whole sordid scandal."

"She's going to do everything she can to keep her sworn enemy off the air."

Walters, who created the ABC talk show in 1997 and retired as host last May, has been a staunch supporter of Lewinsky ever since interviewing her in 1999.

The news legend, 85, who remains executive producer, believes Lewinsky would be a "runaway success" and help boost the show's flagging

ratings, say sources.

Meanwhile, Lewinsky, 41, has recently reinvented herself by launching a crusade against cyber-bullying, painting herself as an early victim of online abuse.

Although Lewinsky's rep insists the so-called Portly Pepperpot is not in talks to join *The View*, the source says Hillary, 67, is taking no chances.

"Hillary is calling in a lot of favors from her showbiz friends to prevent this from happening," says the insider. "For Monica, it could be revenge after all these years, but for Hillary it's her worst nightmare come true!"

# Widow and his kids in NASTY \$150M BATTLE over cash, clothes & toys

Robin's widow Susan says the comic took care of his kids in the will

Zachary, Zelda (above) and Cody (left) want their dad's personal items

**R**OBIN WILLIAMS' cash-crazed kin are stomping all over his grave in a despicable grab for the comic legend's \$150 million fortune!

The greedy battle between Robin's widow Susan and his three adult children from previous marriages is so bitter insiders say only a judge will be able to sort it out.

Right now, the comic legend's relatives are under court order to negotiate a split by June 1 – or he'll decide how the spoils are divided.

## Riches

At stake are Robin's personal treasures, including a pricy watch collection, clothes, rare comic books, collectible toys and action figures. Both sides insist the riches belong to them.

"No one thinks they're going to be able to work it out on their own," a friend tells GLOBE. "Susan believes Robin wanted her to keep everything in their home at the time of his death as they're personal items not related to his career. The children were already left career-related

things in the will."

But the cash-coveting trio – sons Zachary, 32, and Cody, 23, and 25-year-old daughter Zelda – insist they helped build the lucrative collections that "fueled Robin's creativity."

Even worse, they accuse sneaky Susan, 51, of getting the belongings appraised for a quick, future sale. "The children desperately want to keep those items in the family, and not

in the hands of other people," the source says. "They believe if Susan retains possession of them, they're going to be lost to the family forever."

But Susan bristles at being depicted as the "evil stepmother," another source says. "She believes Robin's children are well-provided for in the will."

She even claims the kids removed items from the home in the days after 63-year-old Robin's Aug. 11, 2014 suicide by hanging. She wants to keep the tuxedo he wore to their 2011 wedding, photos and "gifts."

One thing's for sure, the comedy legend would be livid over his loot-loony loved ones!

"It's sad," says the source. "Robin would never have wanted them going to war over mere possessions."

Close friends like Billy Crystal and Whoopi Goldberg are begging for peace – for the sake of Robin's memory. "He's a big story again, for all the wrong reasons," the friend says.

# ODD CHARLES MAKES SERVANTS IRON HIS SHOE LACES!

PAMPERED tyrant Prince Charles has a staggering 133 servants he rules with an iron fist to satisfy even his pettiest whims.

His overworked staff includes three valets ordered to lay out his royal pajamas and fill his hot water bottle at night. And he can't even squeeze his own toothpaste - that has to be done by

loyal servant for decades before she died in 2002 - and was forced into daily waltzes with the widow of King George VI!

And God forbid he was late fetching the Queen Mother's daily 11 a.m. gin! If Billy brought a weak drink, the booze-belting royal, who was the current monarch's mom, would give him a stern dressing down.

Today, Charles and his estranged wife Camilla run their staff - who work for minimum wage - with equally sharp tongues and their own peculiarities.

All servants are strictly forbidden to use the main staircase in their royal residences, Clarence House in London and the country estate, Highgrove. Staffers have to use back corridors - and if they happen to bump into a royal, they must turn and face the wall.

The Prince and Camilla don't even seem ashamed by their high-handed ways. They have decreed their clothes must NEVER be washed in a machine - everything has to be cleaned by hand!

The Queen Mother's favorite butler, Billy Tallon, spilled the beans

one of his "gentleman's gentlemen."

And the ridiculously spoiled royal even has his shoelaces ironed!

Incredibly, royal servant, William Tallon - known as Backstairs Billy - once publicly defended the practice saying, "He can't be seen as slumming it!"

Of course, Billy, who died in 2007, was used to oddball royal behavior. He was Queen Mother Elizabeth's

Pure exhaustion is etched on Betty White's face

# BETTY WHITE, 93, HAS ONE FOOT IN GRAVE!

Golden Girl fading fast as grueling schedule **PUSHES HER OVER EDGE**

**B**ETTY WHITE is working herself into the grave, fear close friends, who've launched a death watch on the hard-driven 93-year-old actress.

The former Golden Girl has notched up an amazing, 75-year career, but now pals fear time's rapidly running out for the legendary TV personality if she doesn't put the brakes on her grueling pace.

She recently wrapped up filming the final episodes of her six-season run on TV Land's comedy, *Hot in Cleveland* after appearing in all 122 episodes.

In addition, she flew cross-country in February to appear on the televised 40th anniversary special for *Saturday Night Live*, has made numerous promotional appearances and is pushing hard on behalf of

The actress starred with (from left) Estelle Getty, Bea Arthur and Rue McClanahan on *The Golden Girls*. Betty was in *The Bold and the Beautiful* (above) with Susan Flannery and Alley Mills. The late Allen Ludden (circle) was the love of her life

animal rights causes.

She also sat for an hour-long interview with Oprah in March. "It was like she wanted to talk about her life before it was too late. Maybe this was her way of saying goodbye to her fans," a friend tells GLOBE. "Betty is just worn out. She's wearing more makeup now, not to cover up her age, but her exhaustion. Her friends just don't know how much time she has left."

White had Emmy-winning turns playing man-eater Sue Ann Nivens on the *Mary Tyler Moore Show* in the 1970s and mild-mannered widow Rose Nylund on *The Golden Girls* in the 1980s. She's the last surviving member of the four-woman cast.

While she didn't stop working, Betty - who never remarried after losing the love of her life, game show host Allen Ludden

to cancer in 1981 - has been enjoying an unlikely late-in-life comeback that could spell the end if she doesn't ease up.

She did double-duty on daytime TV with a three-year run on the soap opera, *The Bold and the Beautiful* in 2006, while also appearing on the prime time drama, *Boston Legal*.

She stole the show in the 2009 movie, *The Proposal*, and then landed the role of Elka Ostrovsky on *Cleveland* beginning in 2010.

"But it seems her packed schedule caught up with her," the friend says.

"Doctors have told her if she doesn't slow down, she won't be around this time next year.

"We pray she finally eases up. Otherwise we could be watching her kill herself because she's too stubborn to admit she needs to slow down."

# TERRORIST PILOT COVER UP EXPOSED!

**What airline knew!**

Killer pilot Andreas Lubitz couldn't outrun his mental demons. He was an easy mark for terrorist recruiters, experts say

THE twisted terrorist co-pilot who deliberately crashed his jetliner into a towering peak in the Alps, killing himself and 149 innocent passengers, was a suicidal ticking time bomb.

But his airline covered up key evidence that could have stopped the mass murder before the tragedy rocked the world late last month!

An intelligence expert tells GLOBE he believes deeply depressed flyboy

**An officer stands outside Lubitz's apartment**

Andreas Lubitz killed in the name of the terrorist group ISIS, which actively tries to recruit unbalanced malcontents in Western societies.

"Lubitz would have been a perfect target for ISIS," the intelligence source says. "He was depressed, suicidal at times, making him susceptible to the siren call of any extremist group - including ISIS."

Lufthansa, which owned the doomed Germanwings plane Lubitz flew into oblivion, now admits it knew SIX YEARS AGO the 27-year-old suffered "severe depression," a source says.

And, adding insult to injury, the airline

**CELEBRATING SICKOS**

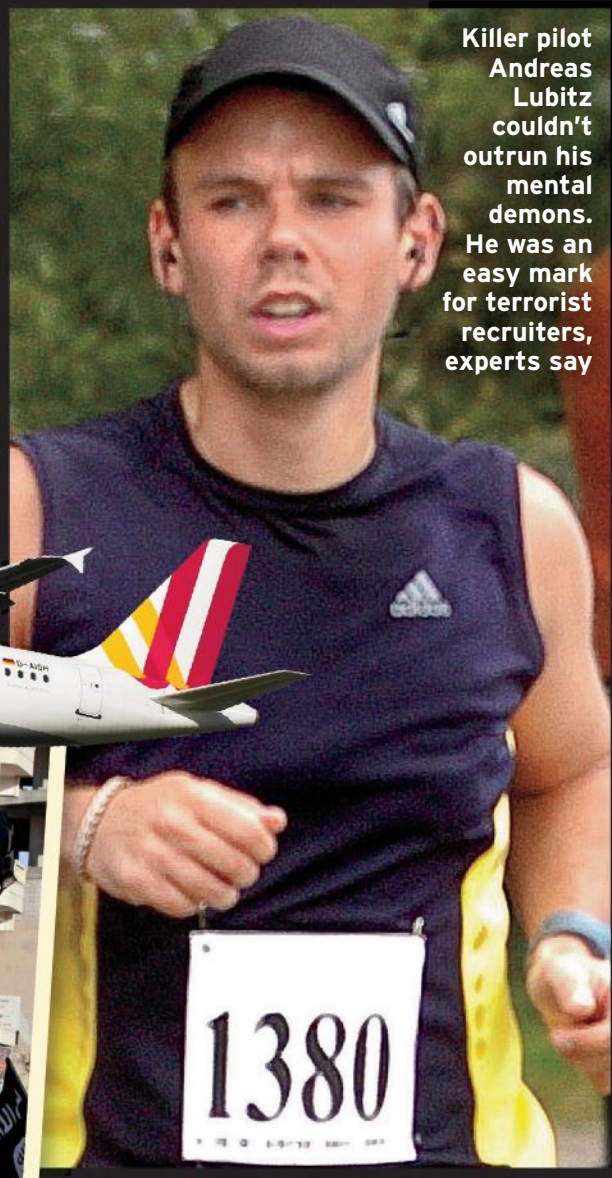

knew about Lubitz' mental illness - because HE TOLD THEM!

"Those passengers DIDN'T HAVE TO DIE," declares the intelligence source. "The airline had vital evidence about his mental state and did nothing. The way to stop this atrocity was to prevent him climbing in the cockpit."

**OBLITERATED**

**The plane and passengers were smashed into smithereens on the mountainside**

"Instead he was allowed to continue flying for YEARS after the alarm was raised."

As GLOBE reported in our April 13 issue, another top intelligence analyst believes mentally-deranged Lubitz was brainwashed by the twisted, anti-Western Muslim extremist group ISIS. And his depressed state of mind made him an easy mark for cunning terrorists like ISIS, the analyst notes.

"With him already being suicidal and depressed, it wouldn't have taken much to push Lubitz over the edge into seeking to become a martyr," says the source.

"He may have met with ISIS agents in Europe, or simply found in their online messages a cause, a reason to live, and something to fill the void in his life.

"And when the opportunity presented itself while in the air that day, Lubitz didn't hesitate to act."

# GOLD DIGGER!

AN Italian model who outrageously accused legendary Hollywood producer Harvey Weinstein of groping her is a lowdown gold digger, who's up to her old tricks, sources say.

"We believe this is a blackmail attempt and Harvey did nothing wrong," says an insider close to the Miramax co-founder.

Harvey is married to Georgina Chapman

Ambra Battilana, 22, a former beauty queen, went to the police claiming she was in a business meeting with Weinstein at his Manhattan office when the married 63-year-old father of five put the moves on her.

"He asked her if her breasts were real," a source says she told cops.

## 'Not going anywhere'

Battilana claims he grabbed her breast. After she said, "No, stop," he slid his hand up her skirt and asked for a kiss. She says she responded "No" again, left and went to the law.

Sexpot Ambra Battilana has a history of playing the victim

**SHE DID IT BEFORE!**

But after Weinstein was interviewed about the allegations, a source said the case is "not going anywhere."

Incredibly, the so-called "attack" didn't stop Battilana from using freebie tickets given to her by Weinstein when she attended the new Broadway show Finding Neverland the next day

**Scandalous model branded BLACKMAILER after claiming she was groped by movie mogul**

Harvey Weinstein's people are confident he'll prevail

— and gloating to pals about the fantastic seats!

Friends point out Weinstein's no dummy — and he doesn't need to be fooling around since he's married to gorgeous Georgina Chapman, one of New

York's most adored society ladies.

Meanwhile, it emerges that Weinstein's accuser has pulled this kind of stunt before.

Battilana was thrust into the spotlight in 2011 when she

gave graphic testimony about paid orgies at the Milan home of Italian Prime Minister Silvio Berlusconi.

And in 2010, the temptress told Italian cops a 70-year-old businessman she'd met at an organized dinner had raped her. "He invited me to ride in his car," she said in a statement, adding she accepted out of "politeness."

"Then, as he started to caress my hand and left leg, he proposed that I become his 'playmate,' and before I could oppose he gave me a bag with \$2,000...because the severe poverty of my family, I felt forced against my will not to refuse the money."

# LISA MARIE'S ESCAPES FROM CULT HELL!

**Rocked by Scientology's betrayal, paranoia & LIES!**

**L**ISA MARIE PRESLEY escaped the “sinister” clutches of Scientology – but Elvis’ little girl is still too terrified to openly blast the controlling cult!

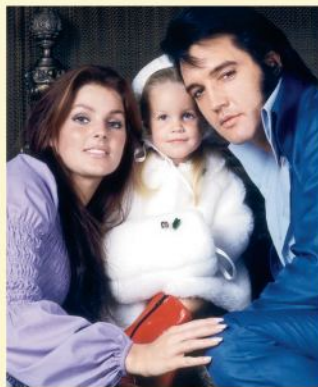

In the wake of the explosive HBO documentary *Going Clear: Scientology and the Prison of Belief*, which claims John Travolta was blackmailed into remaining in the controversial church’s fold, Lisa Marie tweeted: “Sometimes...the s\*\*\* hitting the fan is a damn nice sound.”

## Darkest secrets

As usual, Elvis’ daughter avoided mentioning Scientology by name. That’s been her strategy ever since she wised up to the religion’s bizarre teachings. She quit in 2012 after word leaked out that leaders had a cache of video and audio tapes of members baring their darkest secrets – and were willing to use them to keep uncompromising control of their flock.

But brave Lisa Marie, who’s said to have revealed secrets about her short marriage to the late pop icon Michael Jackson during Scientology sessions, has courageously made a series of statements that, although indirect, leave no doubt the church is in her crosshairs.

She indicated she was lied to and betrayed,

## MIA'S SIS WAS KILLER'S SEX TOY!

Mia Farrow  
and sister  
Prudence  
(below)

ACTRESS Mia Farrow's sister Prudence is lucky to be alive - she was the mistress of killer Robert Durst.

The beauty, who inspired the Beatles' song Dear Prudence, was so love-sick over Durst, now 71 and charged with the 2000 murder of his pal Susan Berman, she called his then-wife Kathie and pleaded with her to give him up, says a friend.

Two weeks later, in January 1982, Kathie vanished! That's a close call.

Robert Durst and still-missing wife Kathie

and she became paranoid.

"I was slowly starting to self-destruct and I didn't know where it was coming from," she said after quitting the church. "I was insulated with no grip on reality."

"So, when I got rid of these nuts in my life and these...crazy criminal people, I was like, OK, I'm going to figure out what's really going on out there."

Lisa Marie was also clearly referring to Scientology when she talked about belonging to a "big sinister organization where there was a kind of intel and covert ops going on."

Furthermore, she's referred to the religion fabricated by sci-fi writer L. Ron Hubbard in songs. The lyrics of her tune So Long include, "Churches, they don't have a soul...Religion so corrupt and running lives..."

Scientology expert Tony Ortega notes that a prime reason Lisa Marie split was "the intense snitching culture, where you always have to be worried your own kids will turn you in."

Meanwhile, the producers of the chilling TV documentary pull no punches in their expose. They claim church leaders use despicable means to maintain uncompromising control of their foolhardy flock, including shipping undesirables off to a "prison camp" where torturous tasks include "mopping" bathroom floors with their tongues.

The documentary also levels shocking charges that Scientology leaders compiled a "black PR package" containing "all the damaging material" from Travolta's private auditing sessions to keep him from leaving the church.

To this day, Travolta, who has been dogged by gay rumors, remains a member of the organization as does Lisa Marie's mother, actress Priscilla Presley. But Lisa Marie, 47, broke free and now lives in England with her fourth husband, Michael Lockwood, 54, and their 6-year-old twin daughters, Finley and Harper.

"She's got family involved in it," says Ortega. "She really can't speak out without causing a lot of trouble."

GIMME a break! It's time to stop being fooled by Angelina Jolie.

I'm talking about what's between her ears - and something just ain't ticking right with this lady!

Well, if you read GLOBE's Celebrity Buzz section in our last issue, you'll recall she's smoking like a friggin' chimney!

worse, Pitt is actually bringing her extra smokes. Gee, what a great hubby! If you ask me, it would have been safer for Angie to skip the surgery and cut out cigarettes.

This way she'd only be killing herself with cancer and not exposing others to deadly secondhand smoke.

And one more thing...I see where the Rolling Stones have announced a summer tour in the U.S. I know it's only Rock 'n' Roll, but do you really want to cough up hundreds of bucks to see a nearly 72-year-old Mick Jagger shake his ass? Before he dropped off the radar, Simmons, 66, raised eyebrows during an Access Hollywood TV appearance when he started speaking in an "Indian" accent and putting a wooden bowl on his head – before switching to a Southern

And he was recorded breaking down in tears talking about his landscaping and gardeners, saying he'd use them "until God takes me to Heaven."

When he first dropped out of sight early last year, it was supposedly due to a "persistent knee problem" that forced him to stay off of his feet. Then, sources say looming knee replacement surgery sent him into a deep depression, which was worsened by the death of his beloved dog, Hattie.

He also abandoned his exercise studio, which pals say was "his life." But his lack of communication with friends may be the most ominous sign Simmons is no longer playing with a full deck, say insiders.

The last contact any of his pals had with him was March 10.

"This sad situation has clearly been building for a couple of years and the real fear is that

# JONBENET MURDER WAS INSIDE JOB!

**GLOBE**  
WORLD  
EXCLUSIVE  
NEWS

**Police chief  
reveals  
startling  
evidence &  
SHOCKING  
BLUNDER**

Police Chief Mark Beckner reveals blunders at the Boulder crime scene

**S**HOCKING new evidence proves the brutal unsolved murder of 6-year-old beauty queen JonBenet Ramsey was an inside job!

Former Boulder Police Chief Mark Beckner shoots down the theory that an intruder entered the family mansion through a broken basement window before killing JonBenet, whose battered body was discovered Dec. 26, 1996.

But the busted glass, which was considered significant when the crime occurred, didn't offer entry into the home because "the dust and spider web (at the window) were undisturbed," insists Beckner, former lead detective on the case. "Most investigators do not believe there was a legitimate point of entry."

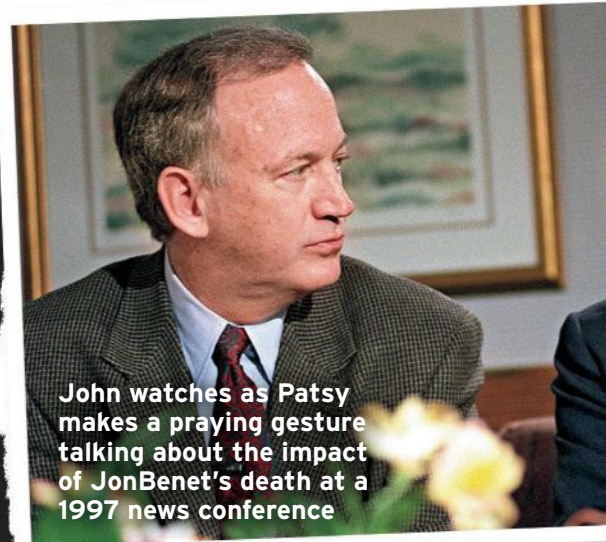

## Sick, twisted game

This bombshell finding means just one thing, an expert on the slaying tells GLOBE: "The police chief is clearly saying it was an inside job."

JonBenet's parents, John and Patsy and 9-year-old brother Burke, were in the house when her body was found. They were publicly cleared by District Attorney Mary Keenan Lacy in 2008.

Asks the expert, "Did someone sneak in while the Ramseys were out, wait for them to return and go to sleep, before removing JonBenet from her bed and killing her in some sort of sick, twisted game?"

"It's clear someone already inside murdered JonBenet and presumably left through the front door."

John watches as Patsy makes a praying gesture talking about the impact of JonBenet's death at a 1997 news conference

A beauty queen in life, 6-year-old JonBenet's battered body was discovered Dec. 26, 1996

Many lawmen do not believe the broken basement window was the entry point for the evil killer who tightened a garrote around JonBenet's neck and left the child's body in the basement boiler room

Beckner, who is now retired, reveals a staggering blunder may have sunk the case from the get-go – the house was a three-ring circus!

"I wish we would've done a much better job of securing and controlling the crime scene from day one," he says.

Earlier, the parents noticed JonBenet was missing from her bed. Patsy, who died of cancer in 2006, found a ransom note and called 911. A search failed to find the little girl – but John, with two friends, eventually went room-to-

room and found her body in the basement boiler room.

JonBenet's arms were tied over her head, black duct tape covered her mouth, a garrote was twisted around her neck and her skull had been bashed in with a blunt object.

No one has ever been prosecuted.

As GLOBE reported in our Jan. 5, 2015 issue, new genetic tests prove blood found on JonBenet's clothing didn't have the same DNA as anyone in her family.

This supports the likelihood that the killer, perhaps a twisted

pedophile obsessed with JonBenet through her pageants, was already inside the home while the Ramseys were at a Christmas party and laid in wait until the family was asleep.

Certainly, one lawman is convinced the coldblooded culprit is sick serial killer Edward Wayne Edwards, who died on Ohio's death row in 2011 while awaiting execution for the murder of his own foster son.

Evil Edwards is suspected of savagely slaying as many as 100 victims – and his methods are →

# JONBENET MURDER WAS INSIDE JOB!

echoed in the JonBenet tragedy. He seems to have had the means and the opportunity. Edwards is known to have been in Colorado – slightly more than a dozen miles from the Ramsey home – that fateful Christmas Day. He left false ransom notes at some of his other crime scenes. Says retired detective John Cameron, “There’s no doubt in my mind Edwards killed JonBenet.”

And Ramsey neighbor Scott Gibbons backs the intruder scenario, telling GLOBE he saw “strange and weird” lights moving inside the home on Christmas Eve 1996: “The lights were dim and gave me the impression someone was up and moving around but didn’t want to wake up anyone else.”

Another neighbor, Melody Ann Stanton, tells GLOBE she heard “the longest, most horrible scream I have ever heard in my life” on the same night.

It all adds up to someone entering the home, hiding inside and killing poor JonBenet. Beckner says the “unknown” DNA found on her clothing “has got to be the focus of the investigation. In my opinion, that’s your suspect.”

# KINKY CROSSDRESSERS SHOT DOWN AT SPY HQ

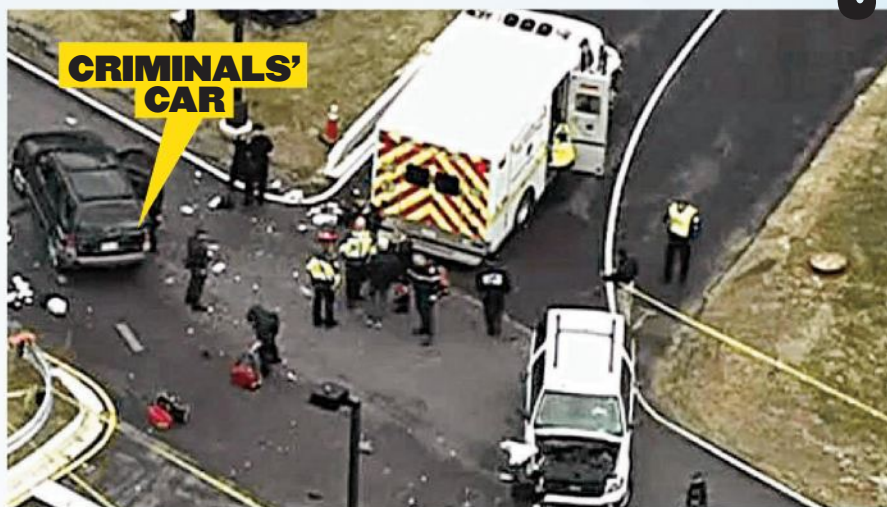

## Partners crashed NSA gate in stolen SUV

A COUPLE of transvestite nutcases in a stolen SUV must have wet their panties when they found themselves confronted by armed guards at the high-security base of the National Security Agency.

The cross-dressing creeps, who also had a weapon and cocaine in the vehicle, sped up when ordered to stop. They were met by a hail of gunfire after plowing through barricades and smashing into a government vehicle.

The bizarre March 30 incident at the spy agency’s Fort Meade, Md., campus killed Ricky “Maya” Hall, a 27-year-old who said he was a woman, and left his pal Kevin Fleming, 20, critically wounded.

“It looked like something out of a wacky buddy movie where two guys dressed in drag make a wrong turn into a

Cops say the deviant duo were “picked up” in Baltimore the previous night by a 60-year-old dude. The threesome partied in a Jessup,

Md., hotel room – and when the guy fell asleep the two swiped his ride. In the morning, the man reported his SUV stolen.

At 9 a.m., the girly men exited the Baltimore-Washington Parkway and entered the secure campus of the NSA, which monitors global com-

munications and spy satellites to ferret out threats to the U.S.

“The driver failed to obey an NSA police officer’s routine instructions for safely exiting the secure campus,” says a statement by the agency. “The vehicle failed to stop and barriers were erected.”

Celebs tell all!

**DYNASTY  
DIVA  
JOAN  
COLLINS**

# I LIKE MY MEN FUNNY & KIND

**J**OAN COLLINS is like the famous TV battery bunny – she keeps going and going.

Best known for playing vixen Alexis Carrington on ABC's hit prime-time soap *Dynasty* from 1981 to 1989, she's coming back to TV – at age 81!

Collins is playing the Grand Duchess of Oxford, the mother of Queen Helena (Elizabeth Hurley), in the scandalous new E! drama, *The Royals*.

"I play a 'momager,'" laughs Collins, who was made a Dame by Queen Elizabeth this year for her services to charity.

In this interview with a freelance journalist, Collins, wed to fifth husband Percy Gibson, 49, for 13 years, talks about being a survivor and her taste in men.

**Q: You're 81 years old now. Ever thought of slowing down a little?**

**A:** No, why? I feel great, and I'm still wanted. I could ask myself how much time I might have left. But instead I dive into my life – every day anew!

**Q: When you look back on**

The TV vixen and Linda Evans (right) played rivals on *Dynasty*

**your *Dynasty* days, what do you think of Alexis?**

**A:** She was wonderful. She loved her children. In fact, she was the first character on television that accepted her gay son unconditionally.

**Q: Could *Dynasty* work today?**

**A:** I don't think so. The audience today wants something

different. Stories have less time to develop. It has to be there right in your face. Maybe the attention span of the younger generation is not that great anymore.

**Q: Do you have any regrets in your life?**

**A:** Some of my husbands I could have done without! But overall I'm happy with my decisions. And I'm very happy with my current hubby!

**Q: What is it you like in a man?**

**A:** I like a good sense of humor, a sense for adventure. And I like kindness.

Joan is happily married to toyboy hubby Percy Gibson

**Q: You once said you consider yourself a survivor. Why is that?**

**A:** I had a lot of ups and downs in my life. Not everything was always a bed of roses. I think that's why people like me. They see their own lives in me. They can relate. Life is survival, one way or another.

**Q: But you never gave up hope?**

**A:** Never. I'm a person who will always look at a glass half-full and never half-empty.

**Q: Is that your secret to longevity?**

**A:** Yes, you can't give up. And you need to care. Enjoy what you do and care about it. Otherwise it won't last.

**Q: You're playing a duchess in your new series, *The Royals*. Did you ever grow up wanting to be a queen or a dame?**

**A:** No. I never wanted to be any of those things. I really just wanted to be an actress or a detective or a writer.

# Famed Doctor's Natural "Anti-Gas Pill" Hailed "Total Solution" for Digestion & Regularity!

Doctor's super-strain probiotic clinically shown to end gas, bloat, constipation, irritated bowel, and cramps—even after you eat your favorite foods!

When you eat a normal meal do you feel bloated? Followed by gas or burping episodes? Is it painful, annoying, and embarrassing? If you said yes to these questions it is a clear sign your digestive system is too cluttered with bad bacteria, and not enough good.

## Living in a Food Prison!

Cramping, occasional constipation, a protruding belly and untimely trips to the bathroom can literally take away your ability to enjoy life. Thanks to a nutritional science breakthrough you no longer have to give up the foods you enjoy.

## Clinically Tested All-In-One Gut Solution

The solution is very simple—replace bad bacteria with good. After decades of working with food scientists, famed doctor David Williams isolated seven super strain probiotics clinically shown to eliminate excess gas. He created Probiotic Advantage®, which thousands have used to win back their "food freedom". It's becoming America's favorite "Anti-Gas Pill"!

Probiotic Advantage works fast, and is what Dr. Williams is calling the "smart solution" because it is not a temporary fix, it actually turns off the cause of excess gas, constipation, bloat, and irritating bowel symptoms. This revolutionary probiotic formula ensures you are getting the right kinds of probiotic into the entire digestive system.

## BIO-tract® Technology Makes the Difference

Two problems exist with many store brand probiotic supplements. First, many deliver dead bacteria due to short shelf lives. Second, many probiotics are destroyed by your stomach acid and never fully make it to

your intestines where the painful issues begin.

To solve both problems, Dr. Williams combined two breakthrough technologies into his tiny "Anti-Gas Pill". To insure the probiotic organisms aren't killed by stomach acid, he uses LiveBac® technology, which keeps the good bacteria alive and active to your entire digestive tract where problems like gas, constipation, and diarrhea actually happen.

He combined that with patented BIO-tract technology, which coats the tiny pea sized caplet with a special gel to protect the billions of probiotics that are slowly and evenly released, getting into the small and large intestines completely for total repopulation of good bacteria.

"I've tested every kind of delivery system, from dry capsules, to wafers, liquids, powders, timed-release, and controlled-release, and I can tell you that nothing works as well as the new BIO-tract technology to get the live, active probiotics exactly where they're needed the most—down to the lower parts of the intestine that other supplements can't reach. This is

the best way to get your probiotics, hands down." — Dr. Williams

## Restore Regularity

"This is my tenth day on Probiotic Advantage. I already see the difference in my bowel movements, no cramping and especially no diarrhea, which became very embarrassing at times. I am able to eat foods that I used to be afraid to eat, because they would fill me up fast with bloating and gas." — Mary H.\*

## Be Done with Constipation

Many factors contribute to uncomfortable elimination, such as hard and compacted stools, stress, lack of physical activity, medication, and even aging itself. After a short time on Probiotic Advantage, the average person has a couple of perfect, soft, full, long, and daily bowel movements that are free from excess mucus.

## Feel Relief Even After Years of Suffering

"I suffered from the symptoms of an irritated bowel for ten years. I experienced abdominal pain daily, bloating and gas. I was

afraid to eat my favorite foods. I have taken Probiotic Advantage for 1 1/2 months. I now call it my little miracle. I eat everything! No pain or bloating, I feel better and have more energy. I can't believe it. I thank God and Dr. Williams." — Ann C., IL \*

"With Probiotic Advantage you'll be amazed at how quickly gas, bloating, and cramps simply disappear and how much better your whole body will feel," assures Dr. Williams.

## Eat Without Worry Again

"After a few weeks of taking Probiotic Advantage, I can truthfully say that I'm feeling tremendous relief and freedom when it comes to eating. I am essentially free of the miserable discomfort that usually follows eating." — Don Z.\*

# SINATRA'S SEXCAPADES WITH MARRIED JACKIE!

FROM the moment they met at a California party, Frank Sinatra and Jackie Kennedy were like gasoline and matches – an explosive combination that could set the world on fire.

Sinatra thought Jackie's husband, John F. Kennedy, then an ambitious U.S. Senator from Massachusetts, was the

exactly what kind of guy Sinatra was, found his earthy honesty refreshing.

The attraction only grew as they rubbed shoulders at New York and Hollywood power parties thrown by Jackie's movie star brother-in-law Peter Lawford, who was married to her husband's sister, Patricia. But there was a big fly in the ointment.

The future President and Sinatra had become pals – they drank together and whored together. And while it was OK in Frank's Rat Pack social set to “pass around dames,” wives were a different story, strictly off-limits.

## First move

“But, not surprisingly, Jackie made the first move at a party in Frank's New York penthouse, brushing her breasts against his arm and massaging his neck as he sat in a chair. She always knew how to get what she wanted,” Rat Packer Lawford revealed in an interview before his 1984 death. “Frank told me her teasing pushed him over the edge. They ended up in bed when the party cleared out. Frank fell in love. He acted like a giddy school boy when he took her to Jack's presidential inaugural gala in 1961, calling it their ‘first public date.’ They both knew it was dangerous as hell.”

Meanwhile, America's Commander-in-Chief “was bedding every broad he could get his hands on,” said Lawford. “And lots of times, Sinatra was right in the middle of it all. It was nuts.”

But Sinatra and Jackie “were both

thrill seekers” and loved pushing limits, said Lawford. And while Sinatra was smitten, Jackie's motivation for the fling “was more about lust and revenge,” her brother-in-law revealed.

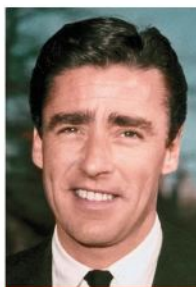

“Jackie was out to extract maximum vengeance on her husband, who humiliated her with his constant womanizing that began almost the day they married,” said

Lawford. “She delighted in sleeping with Sinatra in the White House bed she usually shared with JFK. Frank told me she thought Jack was a lousy lover.”

But it was hard to keep secrets in the White House fish bowl. The President's aides started whispering to him about the danger of a huge developing scandal

– and they weren't talking about HIS romp with Monroe. They insisted Jackie's secret fling with the Chairman of the Board was putting his Administration in danger.

approached Lawford to give Sinatra the word to back off, says an insider.

"It shocked the Kennedys that Sinatra dared making love to Jackie in JFK's bed," the insider says. "She snuck him into the White House when the President was away on the frequent 'official trips' HE used as excuses to visit lovers.

"Lawford was terrified to be the one delivering the Kennedy family's message to Ol' Blue Eyes. Sinatra had a furious temper – and that was the start of a feud which lasted the rest of their lives. Sinatra laughed in Lawford's face, calling JFK 'the world's biggest whoremaster and hypocrite.'

"He claimed JFK didn't love Jackie – and that he did. And he said he'd wondered from the start why the President cheated 'on a wonderful woman' like Jackie. Lawford was taken aback when Sinatra claimed if Jackie ever left JFK, 'I'd be proud to marry her myself.'

Sinatra and JFK became mortal enemies and never talked again, the source says.

**Frank was heartbroken when Jackie wed Aristotle Onassis**

**BACK TOGETHER, 1975**

Jackie and Ol' Blue Eyes hit the Big Apple's Club 21 before a final roll in the hay

But the singer continued his friendship with Jackie – even though she broke off their affair before her husband's 1963 assassination.

He made a play for Kennedy's widow before she married Greek tycoon Aristotle Onassis in 1968 – but by then Jackie was bedding her other brother-in-law, Robert Kennedy. However, when her marriage to Onassis turned sour, she hooked up with Sinatra again in 1974.

### Win her over

"For her, it was an opportunity to make Ari jealous and settle the score for his cheating with opera star Maria Callas. Frank knew it but didn't care. He figured it was his last chance to win her over," says the insider. "After Ari died, Jackie and Frank very publicly painted New York red in September 1975."

He poured on the charm and they ended up in bed after a Sept. 17 bash at the Waldorf Astoria. The next day, Frank told his butler, Bill Stapely, "She loves me and I love her. So you know what? I think I'll marry Jacqueline Kennedy Onassis!"

But Jackie had other ideas – and coldly broke his heart. "While he was rich, famous, funny and fabulous in bed, Jackie let him know he wasn't classy enough for her anymore," says the insider. "She played him for a patsy – and he never forgave her."

**Medical news YOU can use!**

**Y**OU can be smarter and prevent your brain from aging – just by eating the right stuff!

“Eating certain foods protects our thinking abilities,” declares Dr. Gary Small, professor of psychiatry and director of the UCLA Longevity Center.

But the author of The Alzheimer’s Prevention Program also notes that eating too much and becoming overweight contributes to numerous conditions – like diabetes, stroke and Alzheimer’s disease – that “worsen brain health.”

Here are brain-boosting foods that are both anti-inflammatory and crammed with antioxidants.

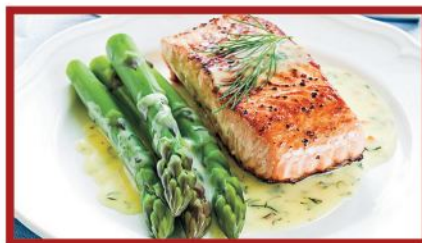

- **Blueberries** top the list of nature’s anti-aging foods. Nutritionist Felicia Stoler says eating blueberries daily “dramatically slows impairments in memory and motor coordination.”

- **Apples** contain anti-aging quercetin, a powerful nutrient that protects the brain against oxidative damage.

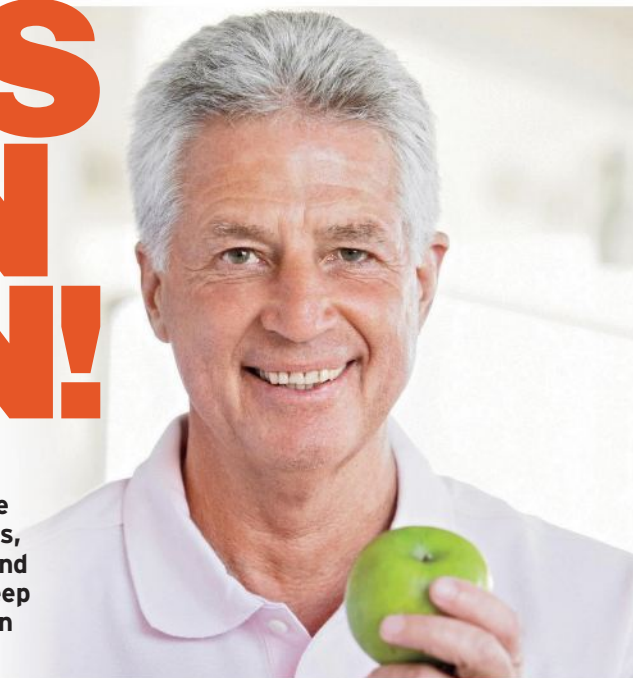

- **Asparagus** are rich in folic acid – an essential for brain function.

- **Salmon** contains omega-3

fatty acids to combat brain inflammation. Aim for at least two servings a week.

- **Walnuts** also contain omega-3 fatty acids and are also rich in vitamins E and B6 that protect neural function.

- **Dark chocolate** is loaded with powerful antioxidants and natural stimulants to protect your brain and improve your mood.

- **Dried oregano** sprinkled on pasta provides antioxidant benefits 40-times more powerful than apples!

- **Avocados** have healthy, monounsaturated fat that lowers blood pressure and helps protect the brain. They’re loaded with 20 essential brain boosting nutrients including fiber and B and E vitamins.

- **Lean beef** is chock full of vitamin B12, iron and zinc, which maintain healthy neural tissue.

- **Whole grains** like oats, bran, whole wheat and corn, deliver fiber and vitamin E that not only promote cardiovascular health, but improve brain circulation.

## Acetaminophen’s terrible side effects

**+** THE popular painkiller acetaminophen, brand name Tylenol, is coming under scrutiny for increasing risks to health. The drug has been linked to kidney disease, intestinal bleeding, heart attack, stroke and high blood pressure when taken at high doses over a long period of time. So the bottom line is – pay attention to dosage.

## Chewing gum is good for teeth!

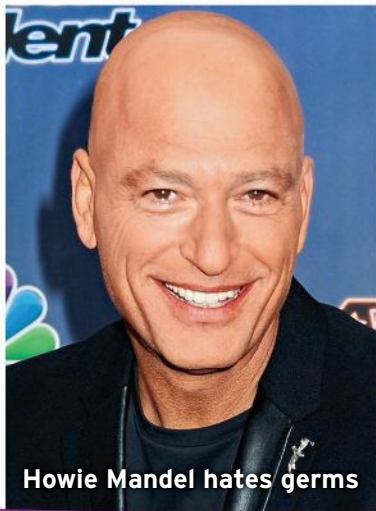

**+** IF you can’t floss your teeth, chew gum instead! That’s the conclusion of Dutch researchers, who say both regular and sugarless gum work as well as flossing at removing harmful bacteria. Ironically, the germs are killed by the sweeteners and preservatives, and mint flavorings are said to have antibacterial properties.

# GERMAPHOBIC PEOPLE AREN'T NUTS!

Nerdy Sheldon Cooper is played by Jim Parsons

Howie Mandel hates germs

## How to fight contamination

**Y**OU don't have to go overboard like The Big Bang Theory's germaphobic Sheldon Cooper or real-life germ hater Howie Mandel to keep from getting sick!

Emmy-winner Jim Parsons' nerdy character on the CBS hit comedy avoids all skin contact. Meanwhile, Howie fist-bumps people rather than shake hands in the real world. But anti-germ measures aren't ridiculous. Simple things like using sanitizing wipes are the key "to avoid this year's rampant viruses, including measles and mumps," Dr. Andy Nish tells GLOBE.

Here are six steps to keep you healthy:

**1.** Hold your breath or turn your head when someone around you sneezes and wash your hands after touching objects in the sneeze zone.

**2.** Use an anti-bacterial wipe on

your phone, which is exposed to germ public places.

**3.** Use hand sanitizer to clean your hands after refueling as gas pumps are among the filthiest surfaces around and seldom cleaned.

**4.** Buy a handy handbag hanger to keep your purse off germ surfaces like table tops or even the floor.

**5.** Wash your hands well after using public bathrooms - faucets, soap dispensers, door handles and toilets are loaded with bacteria and viruses.

**6.** Close the lid before flushing the toilet at home to prevent air-borne bacteria from contaminating your counter tops - and always cover your toothbrush!

## TV PREACHER'S SHOCKING DEATH WISH!

**Hour of Power** televangelist Robert Schuller lost the will to live after his wife died and his religious empire crumbled in a hellish heap of shattered dreams!

Sources say the founder of the bankrupt Crystal Cathedral Ministries was ready to go when he succumbed to esophageal cancer at a nursing facility in Artesia, Calif., on April 2.

"The reverend lost everything he loved," confides a longtime family friend. "It was if he had a death wish."

The money-hungry silver-haired preacher was hit with a double-whammy when his beloved ministry went belly-up in 2010, and his wife Arvella died in 2014.

"His last wish was to be with his wife and God," says the friend, "and it was finally granted."

# How to Upstage a \$9,800 Emerald

Experience a luxury legend and become a member of the "Emerald Elite" with the Marquesa Pendant for **ONLY \$29!**

Chivor was one of South America's most prolific emerald mines. Empires waged war over its fabled green treasure. When it closed in 1675, it literally disappeared. Swallowed by the jungle. Lost to history. Two centuries later, Pacho Restrepo began his quest. The explorer found a few faded clues on ancient Spanish parchment in a Dominican monastery. The writings spoke of a specific mountain pass overlooking the Orinoco River, which meant that the mine could be anywhere among 50 square miles of deadly rainforest. Restrepo searched for the next eight years...

When he finally found Chivor in 1896, its green treasure took his breath away. Today, our Marquesa Scienza® Emerald Pendant delivers the same sensation. But you don't have to spend years searching the jungle, because this stunning specimen of lab-created emerald in .925 sterling silver can be all yours for **ONLY \$29!**

There is nothing on Earth quite like the mesmerizing green of a genuine Colombian emerald. One carat of their finest stone can fetch as much as \$9,800 per carat! For hundreds of years you had to be ridiculously wealthy to become a member of the "Emerald Elite." Not any more. Today you can bring home this legendary color... stunning, translucent and free of natural flaws...for **ONLY \$29!**

**Natural emeralds are born in chaos.** Deep underground they endure intense heat and pressure. As a result, most emeralds are full of inclusions and cracks. Even the finest South American stones are treated and filled to keep them from splitting. But thanks to advanced technology, Scienza® lab-created emeralds emerge as close to perfect as possible. They are visually clear and virtually free of natural flaws.

**World's "greenest" emerald?** Each Scienza® starts with the seed of natural emerald. In strictly controlled laboratory conditions, using intense heat of over 10,000 degrees Celsius, that tiny seed grows for seven months into a larger rough emerald. Chemically, lab-created Scienza® are identical to mined emerald. They are just as hard, and boast an incredibly rich, vivid green color. But there are also two very big differences: lab-created gemstones don't require expensive, eco-unfriendly mining and that huge savings guarantees your per-carat price won't put you in the poorhouse!

**Your satisfaction is guaranteed.** Bring it home and see for yourself. If the brilliance of our Marquesa Scienza® Pendant fails to impress, simply send the pendant back within 30 days for a full refund of your purchase price. But after wearing the "World's Greenest Gemstone," we're convinced that you'll fall in love with its classic color and legendary sparkle!

# ELTON'S BITTER MOM BLASTS HIS GAY HUBBY!

ELTON JOHN's bitter mother is branding the rocker's homosexual husband David Furnish a coldhearted control freak who's torn her apart from her famous son.

Feisty Sheila Farebrother hasn't spoken to Elton for seven long years – ever since calling Furnish “the f\*\*\*\*\* thing” he hooked up with.

The falling out was sparked when Sir Elton, pushed by Furnish, demanded that Sheila sever ties with the music legend's former personal assistant, Bob Halley, and ex manager, John Reid – and she refused.

## Vile rant

The argument got so nasty, Elton, 68, exploded in a vile rant of cuss words – punctuated by him saying he hated her!

“He told me I thought more of Bob than I did of my own son,” recalls Sheila. “To that, I said: ‘And you think

# MILLIONAIRE FISHBURNE'S MOTHER FACING EVICTON!

LAURENCE FISHBURNE is a selfish, good-for-nothing ingrate, and that's his own mother's opinion.

The actor, now starring in the hit ABC sitcom *Black-ish*, which also lists him as an

executive producer, is said to be worth \$20 million. But his 80-year-old mom, Hattie, is so broke she's facing eviction from her L.A. apartment!

“For 20 years I funded my son's

Fishburne's mom, Hattie, says the actor turned his back on her

career,” she says. “He promised he would take care of me. He promised me a house,

a golden retriever, a calico cat. To this day he hasn't given me a penny. I'm so hurt and disappointed.”

A retired teacher who pretty much raised

Laurence by herself in Brooklyn, Hattie suffers from crippling arthritis and other health problems. She's fallen

behind on her \$1,500-a-month rent.

“I can't buy

more of the f\*\*\*\*\* thing you're with than your own mother.' ”

Furnish, 52, has been the Rocket Man's significant other since 1994. The couple, who legally tied the knot last December, have two test tube sons, Zachary, 4, and Elijah, 2. Sheila has never even met her grandkids.

But she remains defiant! Sheila, who has finally broken her silence about the feud, says, “It was all so stupid, so petty...but I've got used to it.”

She apparently has no problems with Elton's sexuality but DOES bristle at his partner's controlling ways, which include pushing the Crocodile Rocker to ditch family and longtime friends.

The rift is so bad, Sheila hired an Elton impersonator in lieu of the real thing to entertain at her 90th birthday party in March – a shocker GLOBE reported last week.

Sheila insists she loves Elton, but his mate is another story. “Furnish doesn't want to be with me,” she huffs, “and I certainly don't want to be with him.”

food, clothing and shelter,” she moans. “I haven't bought a dress since I retired.”

Meanwhile, Laurence, 53, shot to fame playing wife-beater Ike Turner in the 1993 movie *What's Love Got to Do with It*, has been working steadily – and shunning his kin.

Besides turning his back on his destitute mom, the star also cut ties with his daughter, Montana, after she appeared in a porn flick at age 18.

Laments heartbroken Hattie, “He's gone Hollywood!”

It's the perfect time to catch the eye of that special someone!

Don't be afraid to follow up!

The Gemini moon midweek attracts new friendship and for singles what begins as simple companionship could lead to committed romance later!

## **AQUARIUS** January 21 - February 18

You're in a thoughtful mood, reflecting on recent events in your life and your role in them, but guard against any tendency to give into regret. If you're feeling at all blue, blame the cosmos - it will soon pass. Accept an invitation to join a new group - the friends you meet will energize you. Shopping for small appliances is favored on Saturday.

## **TAURUS** April 21 - May 21

You feel closer than ever to your partner this week and you're on the edge of a change that takes your relationship from so-so to superb! Mercury clashing with Jupiter warns of a financial hurdle but with Mars working hard for you it's easily overcome - and could be to your advantage! Expect news about an old friend or relative!

## **CANCER** June 22 - July 22

Although the Mercury-Jupiter clash has you pinching pennies and worrying about money, you're better off thinking in terms of wealth - yours! Be open to the opportunities life offers and you'll spot the potential for earnings headed your way. Look to your health later in the week, when a change in diet or exercise will have you feeling on top of the world.

## **VIRGO** August 24 - September 22

You've reached a turning point in a relationship and it's time to focus on growing a harmonious partnership in coming weeks. You're motivated to spend long hours spring-cleaning your home, but take time to rest too so you're ready for the invitation you can't refuse. A new love or amazing job opportunity is starred.

## **SCORPIO** October 24 - November 22

Plan a memorable spring get-together to celebrate the recent accomplishment of someone close - Venus in Gemini makes it the perfect time. Work demands may be high late in the week, but Mercury steers you to a solution that frees up some time. You may need it to help out a family member in a crisis. The number 7 brings luck!

## **CAPRICORN** December 22 - January 20

It's tempting to take stress out on your loved ones when Jupiter and Mercury clash, but wait! Heading outdoors to unwind with a walk or escaping into a good book or movie is a better choice. Take advantage of any free time later in the week to get your house organized. Something missing - and important - will be found!

## **PISCES** February 19 - March 20

Look closely at a financial transaction or contract - Mercury meeting Neptune could be making it harder than usual for you to see the truth. But at the same time trust your intuition when it comes to spending money - the stars are guiding you to real bargains! You're motivated to improve your appearance - start with clothes shopping!

# LESLEY GORE DIED **BROKE!**

## THE SKINNY ON FASHION COP GIULIANA'S WEIGHT LOSS

**SCARY** skinny Giuliana Rancic confesses her shocking skin-and-bones look isn't the result of an eating disorder - it's tied to the Fashion Police anchor's battle with breast cancer.

After undergoing a double mastectomy in 2011, she began taking a medication and "started losing weight" even though she says, "I was eating a lot, so I was concerned." Her doctor told her it was a side-effect of the drug.

The 40-year-old also admits the stress from a devastating December miscarriage by the surrogate mother carrying a child for her and hubby Bill, 43, has added to her disastrous weight woes.

Financially naive Gore (left) intended to wed Lois Sasson (right)

**But gay partner inherits the scraps**

**L**ESLEY GORE was no smart cookie with cash - the late singer left her longtime lesbian lover mere crumbs!

She died Feb. 16 at age 68 following a lengthy battle with killer cancer. But the You Don't Own Me hitmaker didn't own much herself - just a meager \$50,000 estate that goes to her life partner of 33 years, Lois Sasson.

In fact, when it came to dough, Gore was a complete dunce.

### 'Teen prodigy'

"She didn't understand money, she didn't understand the business, but she was a magnificent human being," says jewelry designer Sasson, 74. "She was a star in the 1960s and they didn't give you royalties."

Teen prodigy Gore topped the Billboard Hot 100 chart for two weeks with first hit It's My Party at age 16 and followed with Judy's Turn to Cry and California Nights.

As GLOBE reported in our March 9 issue, even though You Don't Own Me became a feminist anthem and she supported gay and lesbian causes, closeted Gore said she always kept her sexual preference hidden because the music industry was "totally homophobic."

Lesley was a teen idol

After finally coming out in 2005 she planned to marry Sasson this summer. Retired Manhattan judge Renee Roth, helped smooth the path for Gore's estate to go to Sasson even though they weren't married. She issued a statement declaring she was going to officiate their wedding.

"I'm still a wreck," says heart-shattered Sasson. "Lesley had plans - she was writing a book about being a child star. It wasn't all wonderful. It wasn't all applause."

**T**OM HANKS and his wife, Rita Wilson, are being blasted as crummy parents after their bratty rapper son Chester threatened to violently attack shock jock Howard Stern.

"I am going to see you in person and I am going to hurt you," vowed drug-troubled Chester,

Rich kid rapper Chester Hanks thinks he's a gangsta

who calls himself Chet Haze, on Twitter. "Do you have any idea how badly I am going to assault you when I see you."

Then he warned Stern, "You can't run from me forever...I hope you travel with security!!!"

Bad blood erupted four years ago when The America's Got Talent judge mocked pampered Chester for promoting himself as a tough gangsta rapper while living in luxury as the son of a movie superstar.

"Where'd he grow up, Beverly Hills?" cracked Stern on his radio show. "Wha a \*\*\*\*ing douche."

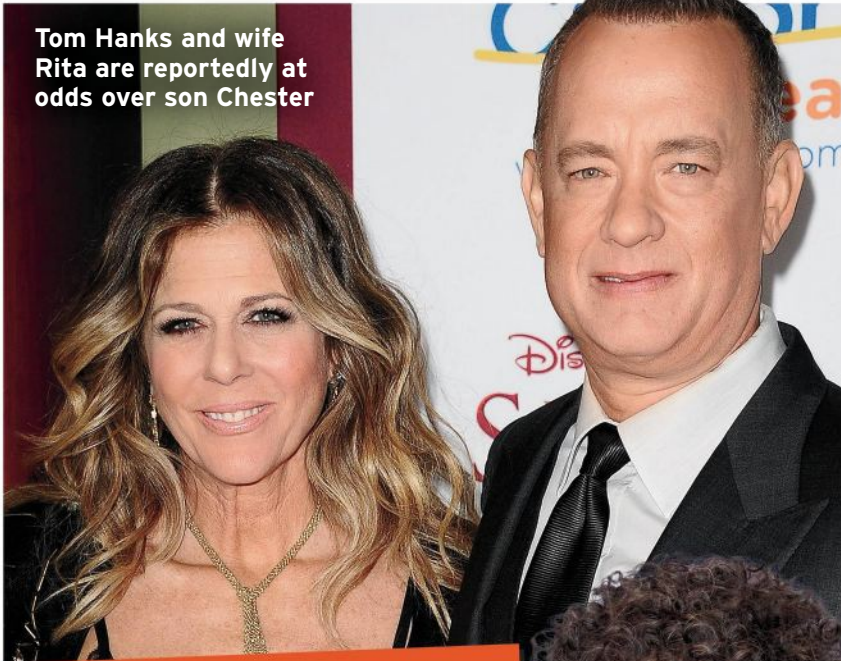

But Chester's violent new rant triggered a furious Internet

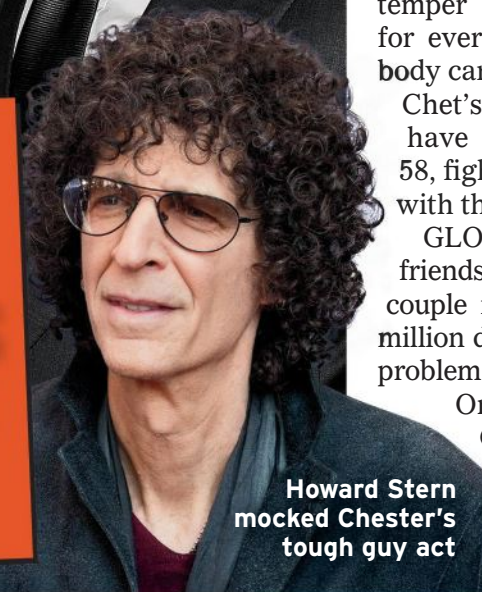

Julianne shows off her Oscar for Still Alice

# TOM & RITA ARE LOUSY PARENTS!

Tom Hanks and wife Rita are reportedly at odds over son Chester

**Shocking charge after Hanks' bad boy son THREATENS TO POUND HOWARD STERN TO PULP**

Howard Stern mocked Chester's tough guy act

backlash against him – AND his Hollywood parents!

"They spent good money on nannies to take care of their kids," says a post. "Rita Wilson is pretentious...Tom Hanks is a phony."

Chet was blasted as a "spoiled Hollywood brat" and a "moron" with one message urging Tom to "cut Chet's allowance."

Another describes the silver spooner, who went to rehab last year for cocaine addiction, as "a little girl having a temper tantrum on Twitter for everyone to see, but nobody cares..."

Chet's outrageous antics have Tom and Rita, both 58, fighting over what to do with their bad boy.

GLOBE recently revealed friends fear the power couple is headed for a \$400 million divorce because of the problems with their son.

One blogger says Chet's over-reaction to Stern's remark "shows he probably needs therapy." And a spanking!

## JULIANNE'S A TOTAL TURKEY!

JULIANNE MOORE just won an Oscar for her role in the flick Still Alice, but tourist bigwigs in Turkey think her acting is for the birds!

Incredibly, Moore's commer-

cial for a \$4 million campaign to promote tourism was killed by the Turkish government – because her acting stunk.

The ad features the red-head, 54, recalling a childhood

trip to Turkey. But officials panned her performance as "poor acting" and "depressive." She rejected their offer for a re-shoot – and the promo was axed.

# MY FAST & FURIOUS FLINGS WITH CAR MOVIE HUNKS!

## 'BIG ANG' FACING SURGERY FOR LEMON-SIZE TUMOR

**BRASH** Mob Wives reality star Big Ang is a pain in the neck to the other molls on VH1's hit, but she now has one of her own - a massive lemon-sized throat tumor!

The loudmouth matriarch, aka Angela Raiola, 54, checked into a Staten Island hospital and is facing surgery. Doctors are trying to determine if the lump is cancerous or benign.

Apparently, the growth has been bothering Ang for a while - and she's been hiding it from fans with turtle neck sweaters. But finally the pain became too much while prepping for a new reality show and she rushed to a doctor, who sent her to the hospital.

Florida beauty dishes on Tyrese Gibson and tragic Paul Walker

**S**TUNNING brunette Cindy Vanessa Leon confesses she plunged into sizzling affairs with tragic Fast & Furious ace Paul Walker AND his co-star Tyrese Gibson.

But the 30-year-old legal assistant at the Boca Raton, Fla., law firm Berman & Berman tells GLOBE, "Paul wasn't fast at all. He was sensual, sweet and loving."

"Tyrese was the one who was fast and furious!"

Gibson spilled the beans about bedding the former Hooters waitress recently on The View. He revealed he and his Furious 7 co-star Walker, who tragically died in a 2013 car crash, had once shared a woman named "Cindy."

"I never thought this would come out," she told Gossip Extra.com columnist Jose Lambiet after the TV bombshell.

Now, Leon has told GLOBE she hooked up with the stars on the 2003 Miami set of 2 Fast 2 Furious where the then aspiring model was the stand-in for actress Eva Mendes.

After a few weeks, Gibson "invited me out to a recording studio," she notes. "I agreed to go back to his apartment. He was renting a condo."

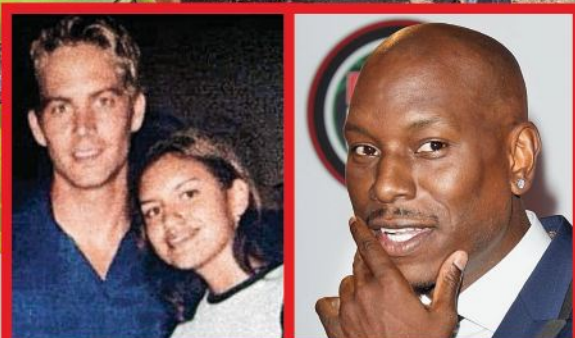

"One thing led to another, and we ended up sleeping together."

### 'Freaky and sexy'

She says the vain star "liked to play his music when we made love. As a lover, he was an artist...freaky and sexy."

Their furious fling crashed after two weeks and then "Paul started hitting on me, too."

She describes the tragic star

Cindy got a keepsake snap with Paul (left). She also bedded Tyrese (right)

as "a soft-spoken, calm surfer dude." He took her to Miami's Nikki Beach club and back to his rented mansion on Star Island where they ended up in bed.

"Paul was more personable," she says. "He was cute, so it didn't matter it was our first date. He was sweet and loving."

She says he called her by the pet name - "Colombia" - due to her Colombian roots.

When she heard of the 40-year-old hunk's death with his pal Roger Rodas, 38, in a California car crash, she burst into tears.

"I spent a lot of time with him," she says. "He was a very good person and you get attached."

Tom Bergeron wants judge Len Goodman to stick around

Suzanne Somers shares a laugh with Tom and dancer Dovolani

**BERGERON BEGS LEN:**

**KEEP ON DANCING!**

THE co-host of *Dancing with the Stars*, Tom Bergeron, has made a desperate appeal to the show's veteran judge, Len Goodman - please don't quit after this season!

"I'm hoping Len can be talked into doing what he did this past fall," says the emcee of the hit ABC reality series. "He took six weeks off and we booked guest judges in his place or just stayed with the three judges.

"I would hate to lose Len completely because I missed him terribly when he was gone before. I just felt like the heart of the show was gone."

And Bergeron, 59, isn't alone.

Executive producer Rob Wade is enlisting his impressive powers of persuasion to keep 70-year-old Goodman on the judges' panel.

He wants Goodman to change his mind and waltz back to the show for the next two seasons - at least as a guest judge.

Although he concedes that Goodman is "getting on a bit," Wade reveals, "The truth is that there is still a chance that Len will be around for season 21."

Goodman is also the lead judge on the British version of the blockbuster show, BBC's *Strictly Come Dancing*. But at

his age, he's found that his grueling travel schedule between London and Los Angeles is taking its toll on him.

He's been with *DWTS*, now in its 20th season, since its inception in 2005, alongside fellow judges Carrie Ann Inaba and Bruno Tonioli.

But Goodman married his second wife, Sue Barrett, in 2012, and still cares for his ailing 97-year-old mother, Louisa.

"I've got my wife, I've got my son, my mother is still alive and she's in the hospital," Goodman says. "I've had virtually no time to go and visit her."

# TROPHY WIFE MAKES 'BILLIONS'

MALIN AKERMAN is sticking to her Trophy Wife theme of beauty marries into money as she takes on a new TV drama.

She's just signed up for the new Showtime drama *Billions* as Lara Axelrod, a former nurse from humble beginnings now married to billionaire hedge fund king Bobby "Axe" Axelrod, played by *Homeland* hunk Damian Lewis. The show also stars Paul Giamatti as Axelrod's nemesis.

In real-life, the blonde beauty is currently in the process of divorcing her Italian rocker husband, Roberto Zincone, after a six-year marriage.

Malin Akerman has split from hubby Roberto Zincone

The couple, who have a son, Sebastian, almost 2, met when she joined his band, now called The Petalstones, as the lead singer.

Ever since ABC's *Trophy Wife* was yanked after one season, she's been busy working in several films, including the upcoming *The Ticket* with *Downton Abbey*'s Dan Stevens and *The Final Girls* with *Vampire Diaries* beauty Nina Dobrev.

# GLEE'S RIVERA IS DEVIOUS

GLEE stunner Naya Rivera, who's been guest co-hosting on ABC's *The View*, has landed a recurring role on the new season of Lifetime's *Devious Maids*, beginning in July.

The 28-year-old actress - Santana Lopez on the FOX musical series - has jumped right back into acting, even though she's been tipped as a future TV talk show host.

Rivera will play

Blanca, a new maid in Beverly Hills working for a picture-perfect family.

But she soon discovers a shocking, life-changing family secret. Rivera wowed audiences last November when she guest-hosted on *The View*, and she was quickly asked back to guest in January.

That's led to murmurs that Rivera is being lined up to replace co-host Rosie Perez, which producers have dismissed...so far.

# LENNON'S BATTERED EX FINALLY RESTS IN PEACE!

JOHN LENNON's horribly abused first wife died April 1 at age 75, haunted by her tortured years of suffering at the hands of the bullying Beatle.

"Cynthia Lennon passed away today at her home in Mallorca, Spain, following a short but brave battle with cancer," their son, Julian Lennon, 52, wrote on his Web site.

But behind the brief statement, pals say Julian is still tormented by the thought his father was a lousy dad and a terrible husband.

Cynthia was wed to the Give Peace a Chance singer between 1962 and 1968, painful years that were filled with unspeakable misery.

"John treated her appallingly," says Lennon biographer Hunter Davies. "He slept with Yoko in their marital home and he also physically attacked her."

cheating hubby with Yoko Ono when she returned from vacation - recalled, "I discovered that John's temper could be frightening."

And Lennon once beat her after she'd been seen dancing with original Beatles bassist Stuart Sutcliffe.

"When I came out (of the ladies' room), he was waiting with a dark look on his face," she recalled. "Before I could speak, he raised his arm and hit me across the face, knocking my head on the pipes that ran down the wall behind me."

# REV. AL'S DIRTY OLD PAL!

**Gal slaps  
lawyer with sex  
perv suit after  
he dodges her  
rape charges**

Sandy Rubenstein wanted his ex-galpal, Laura Abraham, to be a live porno star, she says

TV talking head Rev. Al Sharpton's sleazy crony Sanford Rubenstein sidestepped rape charges, but was immediately slapped with a civil suit by his alleged victim!

The reverend's randy cohort slipped off the hook with police because Iasha Rivers' claims of sexual assault were "not credible" enough to present to a grand jury, say lawmen. But the "devastated" accuser filed papers in Brooklyn Supreme Court claiming perverted Rubenstein raped her. She claims the attack took place while she was passed out in his Upper East Side penthouse following Sharpton's star-studded Oct. 1 birthday bash at New York's swanky Four Seasons.

Rivers insists she figured "it would be safe to accept Rubenstein's offer

The lawyer's big pal is the Rev. Al Sharpton

to see the view from his penthouse and enjoy a few cocktails" since the lawyer is buds with the Bible-thumping MSNBC TV host. "But it turned out to yield horrible consequences," say court papers.

Rivers, a 43-year-old Macy's exec, says she passed out, awoke to find Rubenstein, 70, having sex with her. She was unable to fight him off before falling unconscious again. She insists she didn't drink excessively and afterwards saw bloody condoms.

The civil rights lawyer has countersued, claiming Rivers "was awake, sexually aroused and appeared to enjoy the activities."

Meanwhile, an ex-galpal publicly paints Rubenstein as a gross geezer who begged to watch her have sex with a gang of other guys during their three-month affair.

"He wanted me to be a live porno star in front of him!" blasts 25-year-old registered nurse Laura Abraham. "He said, 'I would love to see you have sex with multiple men at the same time!'"

Abraham says Rubenstein "loves to talk dirty" and wanted "to get me high to have his way with me." But she says the lawyer never bedded her.
